# Dear Love Doctor. "Can You Fix My ACHING NECK...and Save My Romance?"

**The LOVE doctor?** Well, you may not think of us that way, but sometimes, at **HS HealthSource**, we eliminate your pain and fix your love life at the same time. Here's how...

Let's take the gal in picture on the right for example—and let's say she and her boyfriend just had a romantic dinner and are out for a moonlit stroll.

The moment is right. They tum to each other with love in their eyes. Their arms intertwine, she closes her eyes and tips her head back for a passionate kiss and suddenly...it strikes...

## The WORST Way to Ruin "the Mood!"

A **stabbing pain** in the neck may not be THE worst way to ruin the mood, but it's right up there with a slap on the face!

That's why it's so important to pay attention to those hints your body is giving you before they get worse—things like:

- ✓ Dull pain and stiffness at the base of your and aching into the shoulder and arm
- ✓ Shooting and jabbing all the way to the eye
- ✓ Vice-like clamping in your neck so you can't turn your head
- ✓ "Snap, crackle, pop" when you look from side to side or up and down
- ✓ Pounding...off and on like a heartbeat just above your shoulder at the base of the neck
- ✓ Right at the HUMP...feels like a "bone" is sticking out too far at your shirt collar

It's hard to dream of your honey (or anything else for that matter) when you're aching and can't tum your head. So what do you do?

Go to the "love doctors" at **HS HealthSource** as soon as possible. Quit putting it off. We'll get to the bottom of WHY your neck is hurting in the first place. We don't settle for cover-up remedies that prolong the agony and make the pain come back even stronger. And we'll show you...

## Why A Tight Hug is Nice But a Tight Neck is a Killer!

Because, a lot of neck problems just keep tightening up when you ignore them—like a nice hug that goes too far and cracks a rib! You see, because if there's nerve pressure, pain... Turn to page 2➔

# \$2,000,000.00 of Valentines!

It's hard to imagine someone taking a home business—back in the 1850's—from zero to 2 million dollars.

But that's what Esther Howland did (see her picture on page 3) after being fascinated by an English Valentine she received back around 1847. She loved it so much...

She started importing designs and paper lace from England. Before long she was taking orders and the demand was incredible...

## LOVES Getting the PAIN Under Control!

*"I had pain in my neck and shoulders, numbness in my arms and hands. Pain in my low back and down my legs. I went to my primary care physician to try to find out what was wrong. They couldn't help me. They gave me different kinds of medications. None of it helped. They adjusted my spine and had me do exercises. They have helped get the pain under control. I feel much better now."*

—Irene Gholson

### Most Famous Love Poem #2

We'd really be missing the boat if we didn't include good old William Shakespeare in the most famous love poems of all time. This may be his most famous, but I've also included a few lines from Romeo and Juliet back on page 3. He was really amazing! Read Sonnet 116 then turn back to page 3...

# He Conquered Europe... and Conquered Her Heart!

Napoleon Bonaparte, emperor of France (you've never seen this picture of him, have you?) was most known for his military conquests. But did you know he was also quite a writer?

It is reported he wrote as many as 75,000 letters—and this one was to Josephine, not long before their marriage in 1796:

"I wake filled with thoughts of you. Your portrait and the intoxicating evening which we spent yesterday have left my senses in turmoil. Sweet, incomparable Josephine, what a strange effect you have on my heart! Are you angry? Do I see you looking sad? Are you worried?... My soul aches with sorrow, and there can be no rest for your lover; but is there still

more in store for me when, yielding to the profound feelings which overwhelm me, I draw from your lips, from your heart a love which consumes me with fire?

Ah! it was last night that I fully realized how false an image of you your portrait gives! You are leaving at noon; I shall see you in three hours."

Until then, mio dolce amor, a thousand kisses; but give me none in return, for they set my blood on fire."

## ♥ Sonnet 116

Let me not to the marriage of true minds  
Admit impediments. Love is not love  
Which alters when it alteration finds,  
Or bends with the remover to remove:  
O no! it is an ever-fixed mark  
That looks on tempests and is never shaken;  
It is the star to every wandering bark,  
Whose worth's unknown, although his height be taken.  
Love's not Time's fool, though rosy lips and cheeks  
Within his bending sickle's compass come:  
Love alters not with his brief hours and weeks,  
But bears it out even to the edge of doom.  
If this be error and upon me proved,  
I never writ, nor no man ever loved.

—William Shakespeare

## He ♥LOVES♥ Feeling Better!

My major complaint was severe pain between shoulders with the left shoulder worse and upper back and my left hand was tingling. I have tried other chiropractors, doctors, and pain medicine to get rid of my symptoms. After my 3rd visit I had almost a warm sensation in it. My toes were warm after being cold over a year and a half. Something is definitely going right. I can now move more easily and my pain is decreasing in my back. I feel a whole lot better. I have no pain between my shoulders. I can now stand straighter with my shoulders back—proud. I would recommend HealthSource to my friends and family because if they can make a difference to me in 3 days, what can they do for the rest of my life!

What I like most about HealthSource is everyone is so nice and professional. —*Darcell Hill*

### ("\$2 Million in Valentines", cont'd. from page 4)

Ester enlisted friends and family to help her and even began advertising. Her first ad was *The Daily Spy*, a paper in Worcester,

Massachusetts, in 1850.

It wasn't long before her average earnings were about \$100,000 a year which translates to somewhere around \$2,000,000 today.

Esther Howland (1828–1904)

Finally, in 1881, this pioneer of the greeting card industry sold her thriving business to the George C. Whitney Company.

## Our "Love to be PAIN-FREE" No Risk, 19-point, Neck EXAM

Imagine if YOU could really help people who'd already tried everything to get better. I'm sure you'd do what we do at HS HealthSource—make it completely RISK FREE—and super easy to try us out.

And for a limited time, you can find out how fast our combination approach can help you—by treating muscles, joints, nerves and bones together. Just bring this coupon with you when you come to see us (or give it to a friend) and we'll track down the cause of your pain in:

- spine/neck/shoulders
- reflexes/tingling
- grinding/clicking
- tendons/ligaments
- weakness
- painful turning
- painful catching
- neck position
- joint restrictions
- muscle stiffness
- muscle knots
- pinched nerves
- spasm with pain
- alignment
- X-rays if necessary

This exam HAS TO BE detailed to find the source of your pain. When doctors only talk to you, then just give you some pain killers and muscle relaxants, the trouble still isn't fixed—it just gets worse while you wait.

**But that's not all!** We also perform a dozen specific orthopedic tests to get even more information—then give you a detailed action plan of what it will take to get better—so it's all right there in black and white.

**There's even MORE!** If you decide to work with us, you're always protected by our unheard of **TRIPLE SATISFACTION PROMISE!**

- ✓ You must get in the same day you call, or your first treatment's FREE. Not only that...
- ✓ You **MUST** be *delighted* with your entire experience or **YOUR MONEY BACK**—and...
- ✓ If you find a better PLEDGE than ours, you'll get a **week of free treatment!**

This offer does not apply to federal insurance beneficiaries.

### (*Romeo and Juliet*, cont'd. from page 4)

*But soft, what light through yonder window breaks?*

*It is the east and Juliet is the sun!...*

*...The brightness of her cheek would shame those stars,*

*As daylight doth a lamp...*

*...See how she leans her cheek upon her hand*

*O that I were a glove upon that hand,  
That I might touch that cheek.*

## 2 Most Famous Love Poems: #1

The most famous love poem? It's controversial, but these 2 are probably the ones. Here's the first:

Elizabeth Barrett Browning

How do I love thee? Let me count the ways.  
I love thee to the depth and breadth and height  
My soul can reach, when feeling out of sight  
For the ends of Being and ideal Grace.  
I love thee to the level of everyday's  
Most quiet need, by sun and candle-light.  
I love thee freely, as men strive for Right;  
I love thee purely, as they turn from Praise.  
I love thee with a passion put to use in my old  
griefs, and with my childhood's faith.

I love thee with a love I seemed to lose  
With my lost saints, —I love thee with the breath,  
Smiles, tears, of all my life! —and, if God choose,  
I shall but love thee better after death.

—Elizabeth Barrett Browning (1806–1861)  
(go to page 4 for our 2nd choice)

*Nobody will ever win the battle of the sexes.*

*There's too much fraternizing with the enemy.*

—Henry Kissinger

**A kiss can be a comma, a question mark, or an exclamation point.**

—Mistinguett

**Gravitation can not be held responsible for people falling in love.**

—Albert Einstein

**If you are ever in doubt as to whether or not you should kiss a pretty girl, always give her the benefit of a doubt.** —Thomas Carlyle

*Love is like an hourglass, with the heart filling up as the brain empties.*

—Jules Renard

### (LOVE DOCTOR, cont'd. from page 1)

...and tingling or weakness in the arm, it's risky to wait because nerves can be damaged if the pressure goes on too long.

So yes, you should be thinking of your love life, but also about the long-term health of the joints, muscles and nerves in your neck.

That's why, at **HS HealthSource**, we feel it's critical to use a *combination* approach to eliminate your pain—to work with those same joints, muscles and nerves. Otherwise...

We'd miss the *tricky* problems like the hidden pain shown in the diagram.

It can feel like burning tingling or aching in the *arm* or *shoulder*, when it's coming from a muscle in the *neck*.

This problem is often overlooked—especially in traditional healthcare, and even by specialists like orthopedists.

It's not that they aren't trying to help. They're just not trained to be able to *feel* problems with their hands, which of course, is our specialty here at **HS Healthsource**.

### The Diamond Cutter or the Carpenter?

It's just like you'd want someone with *specific* experience to cut a diamond—you

wouldn't want the carpenter do it even though he's good with a hammer. On the flip side, we don't prescribe medications or do surgery.

### The BEST Way to Get Out of Pain?

To get right to the source of your pain, take advantage of our "LOVE to be Pain-FREE," 19-point, FREE neck pain EXAM that we're offering for a short time during February.

It's a great gift to give to that special someone. After all, what fun is the romance, the "sweet nothings" whispered in your ear or even the most exciting date in the world—if you're in agony? Not only that...

If you're on a date with your sweetie, wouldn't it be great to be able to look up at the stars together—without a sharp jab? Or put your arm around her on the couch without fighting an aching shoulder? Or look behind you when driving—without a "catch"?

### Why a FREE EXAM?

Because we eliminate these problems every day, so we're pretty darn confident we can help you with your neck (even if others have tried and failed). But just because we're confident, doesn't mean you should be.

That why we're offering our usual \$18900 exam for FREE during Valentine's month—because most people are justifiably skeptical these days. We feel the same way about new things—doubtful and cautious—and many so-called "cures" just get your hopes up, then let you down.

And we know you want to feel better—but *without* taking any risks or signing your life

away. So we've designed this special FREE OFFER the way it should be—so there's NO RISK to you and NO obligation to *do* anything. And since we've treated literally thousands of folks with every kind of neck pain imaginable, we also KNOW how easy it can be to get rid of the headaches, the nasty jolt when you turn your neck.

It drives me crazy to see people suffering when they really don't have to. It's become our mission to get the word out about our new *combination* approach to as many people as possible—and make it so easy and risk free—they'd be crazy not to try us out.

We want you to be able to say what Michelle did after her treatments, because she had...

### DISABLING NECK PAIN!

"I had *extreme disabling* pain in my neck, back, and shoulder and inability to raise my left arm. But I have gone from a 10 on the pain scale to a one. I'm able to lead a normal life again."

—Michelle Zelazny, Brunswick

**Turn to the FREE EXAM coupon on the next page to see our TRIPLE SATISFACTION PLEDGE. It's unheard of, but just more proof that we take all the risk! (see page 3 →)**
